

Questions and Answers (Set 1)

Solicitation: NNH15519974R

March 17, 2015

1. Question: Will there be one contract award or multiple awards?
 - a. Answer: Prospective offerors should reference provisions 3.3 (SINGLE OR MULTIPLE AWARDS, 52.216-27, OCT 1995) and 3.4 (CONTRACT LINE ITEMS – CLINS). The Government may elect to award a single delivery order contract or task order contract or multiple delivery order contracts or task order contracts for the same or similar supplies or services to two or more sources. Additionally, offerors are allowed to propose on a single or multiple CLINS as listed in Attachment B. For example, if a prospective offeror intends to only provide training services for some but not all of the airframes identified in Attachment B as CLIN(s), they are able to propose only those airframes. However, when proposing on any given CLIN, an offeror must propose each of the subcategories of that CLIN.
2. Question: Is there a specific LEARJET series 30 model that NASA requires training on?
 - a. Answer: the LEARJET model within NASA's inventory is a LEARJET 35 (also referred to by the Department of Defense as a C-21A).
3. Question: Will NASA require a specific number of Past Performance Questionnaires to be submitted with an offeror's proposal?
 - a. Answer: NASA does not require an offeror to submit a specific number of past performance contract references nor Past Performance Questionnaires. Prospective offerors should reference provision 3.10 (REQUIRED INFORMATION TO BE PROVIDED BY OFFEROR), C. (Past Performance Volume), and (b) (PRIOR CUSTOMER EVALUATIONS – PAST PERFORMANCE QUESTIONNAIRES), which requires that offerors provide Past Performance Questionnaires for each of the contract references cited in the offeror's proposal as a part of its Past Performance Volume.
